

Memo

To: Emergency Service and Hospital Personnel of the Southern Tier, Central and Western, New York and Northeastern, Pennsylvania regions.

From: Life Net of New York Air Medical Service

Date: 11/16/2009

Re: Opening of EMS helicopter bases in the Hornell, NY and Sidney, NY areas.

Air Methods Corporation d.b.a.: Life Net of New York is pleased to announce our intent to open two new EMS helicopter bases in New York State. The proposed base locations are in the Hornell, NY and Sidney, NY areas. Both bases are expected to become operational after January of 2010. Further notifications will be made as a formal start date for each base is determined.

Both aircraft will be staffed by an EMS pilot, flight nurse and flight paramedic team. This team will be stationed at the aircraft and ready for immediate response 24 hours a day, 365 days a year and will be supported by base aviation maintenance personnel. Air Methods is in the process of gathering resumes from interested aviation and medical candidates. More information regarding these career opportunities can be found on the Air Methods Corporate website at www.airmethods.com.

Air Methods Corporation currently operates four existing Life Net of New York bases in the communities of Albany, Wallkill, Glen and Harris as well as operating the Guthrie Air helicopter in Sayre, Pennsylvania.

If you should have any questions, concerns and/or would like to arrange for a meeting to discuss our services and how we might be able to better support responses to your area, please do not hesitate to contact either of the following individuals: Jonathan Gryniuk, Business Manager, e-mail: Jgryniuk@airmethods.com, phone: 518-441-5169 or Steven Anderson, Business Development Coordinator, e-mail: Sanderson@airmethods.com, phone: 518-262-3909.

Sincerely,

Jonathan Gryniuk

Business Manager – Life Net of New York / Guthrie Air
