

February 5, 2009

Chuck Margarites RN CEN CCRN CFRN CCEMTP recently taught Pediatric Trauma at the Adirondack ENA Day and gave an 8 hour workshop on 12 lead EKG to the Berkshire Chapter of ENA for their fall conference. Chuck also presented at the National ENA Scientific Assembly in Minnesota on two topics: Pediatric Trauma and Cardiac Medication Overdoses. Additionally, he just returned from Mexico City, The 5th World Congress of Critical Care and Emergency Nurses, where he spoke about toxicology, RSI, pediatric trauma, and did a humorous presentation of "What they didn't teach you in Nursing School".
